King George, Virginia 22485

HAND DELIVERED

Re: King George Landfill, Inc.
King George County Landfill
Temporary Request to Extend Operating Hours

Dear Mr. David:

We are writing to request temporary authorization to extend the current hours of operation at the landfill. The reason for the request is due to the fact that CSX estimates they will not be able to provide rail service to the facility for approximately three weeks as outlined below.

At 2:00pm today we were informed by CSX that the rail bridge that crosses the Anacostia River in Washington D.C. was discovered to have some structural damage requiring the bridge to be closed. This bridge is the part of the main North/South rail line and is closed to all rail traffic while repairs are being made. They anticipate the closure will last at least three weeks, but this could change as the work is being done.

In the interim, the material that was transported to the landfill via rail will now be coming via truck. This will temporarily increase the truck traffic at the landfill. In the interest of safely servicing the increased truck traffic, we are requesting the County allow us to extend our hours of operation. Our request is as follows:

Current Hours

6:00am – 6:00pm Mon – Fri
6:00am – 3:00pm Sat
Sunday closed

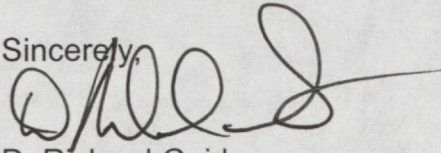

Temporary Requested Hours

5:30am – 8:00pm Mon – Fri
6:00am – 6:00pm Sat
Sunday Closed

We appreciate the County reviewing this request. As you can see from the description above, this is a highly unusual circumstance. Waste Management is committed to operating the facility in compliance with all federal, state and local

regulations. Should you have any questions regarding this information, please feel free to contact me at 540-775-3123 extension 16.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. Richard Guidry', with a long horizontal flourish extending to the right.

D. Richard Guidry
District Manager
King George Landfill, Inc.
