IN REPLY PLEASE REFER TO
King George County
Secondary System

King George County Board of Supervisors
King George County Courthouse
King George, Virginia 22485

Gentlemen:

With regard to matters discussed at the Secondary Roads Hearing held on March 4, 1976, please be advised of the following:

Route 652 - The Department currently has plans to widen this route along the existing alignment and regrade, add base, and provide surface treatment this fiscal year. The Department is in the process of securing the necessary right of way in order to make this improvement.

Route 658 - The Department does not have any current plans for the improvement of this route.

10-Year Plan - Please be advised that we would be happy to review the Department's 10-Year Plan with the Board as a whole or with each member of the Board at your convenience. Due to the materials involved, we would suggest this review be held in the Residency Office. Please feel free to contact this office for an appointment.

If we can be of further assistance to you, please advise.

Very truly yours,

A. Myruski

A. Myruski
Resident Engineer
