FEATURES AND TOOLS

Our Online Dashboard

The screenshot shows the King George County - FOG BMP Dashboard. At the top left is a dropdown menu with 'FOG BMP' and a 'Minimize Analytics' checkbox. At the top right are links for 'Hello, Chris Dines!', 'Go to FOG BMP Dashboard', and 'Log out'. Below the header is a row of twelve green buttons, each representing a different feature:

- Store List (icon: building)
- User List (icon: three frogs)
- Reports (icon: document with charts)
- Approved Pumping Company List (icon: truck)
- Disposal Facilities List (icon: truck)
- FSE Training Videos (icon: video camera)
- Municipality Profile (icon: building)
- Notifications (icon: '@')
- Inspections (icon: clipboard with magnifying glass)
- Mass Email (icon: envelope)
- Sewer Overflow Log (icon: circular logo with 'SEWER' and a globe)
- Location Map (icon: location pin)

At the bottom right of the dashboard is a copyright notice: '© 2024 BMP Compliance Group'.

Clicking the “Store List” tile opens-up a page that lists, alphabetically, all the FOG generating stores in our County.

PRINCIPAL REQUIREMENTS OF A FOG CONTROL PROGRAM

FOR OUR SERVICE AUTHORITY:

- Detailed profiles of all FOG generating facilities within our jurisdiction.
- Detailed profiles of all pumping companies approved to haul waste within our jurisdiction.
- Detailed profiles of waste disposal facilities.
- Provide platform for pumping companies to create and submit detailed grease trap cleaning records for our FOG generating facility clients.
- Perform FOG inspections at the FOG generating facilities within our County.
- Track sewer system overflows in our Wastewater Treatment Plants.

FEATURES AND TOOLS

Training Resources

Staff training is the key to a successful, cost saving, best management plan.

FOG BMP provides training modules designed to create awareness and culture change within your facility. Managers are given the resources and tools necessary to educate and train their kitchen staff with important FOG handling practices.

Training Modules and Tools include:

- Library of Best Management Training Videos
- FOG Management Checklists
- Group & Individual Training with Certifications
- Hard copies of training literature
- Instructional Kitchen Signage

FEATURES AND TOOLS

Total Regulatory Compliance

FOG BMP coincides with mandated Municipal FOG Control Programs nationwide.

The program provides you with complete regulatory compliance which includes all on-going regulated documentation:

- Comprehensive written Best Management Plan
- Grease Separation Device Cleaning Log and Records
- Licensed Waste Hauler Profiles
- Corrective Action Assistance
- Archived list of trained personnel with certifications

Best Management Plans are a proven way to gain control over operational difficulties.

Your decision to implement FOG BMP will have enormous effects within your facility, the County's public sewer system and the environment.

- Highly Affordable
- Easy-to-Implement
- Helps the Environment
- Adds to Your Bottom Line

Thank you for allowing us to present this initiative to you.
