I, _____, hereby certify that I fully understand the provisions of the Erosion and Sediment Ordinance of King George County, and I accept responsibility for carrying out the Erosion and Sediment Control Plan for the above referenced project.

I further grant the right-of-entry onto this property, as described above, to the designated personnel of King George County for the purpose of inspecting and monitoring for compliance with the aforesaid Ordinance.

The following general statements shall apply to all permits:

2. This permit must be kept on the work site and shown on request.
3. The locality must be notified when work commences and when the project is completed.
4. Other work (grading, excavating, construction) on the project shall not commence until the appropriate erosion and sediment controls are in place as specified on the plan.
5. Applicant agrees to be responsible for any and all damages to any other conservation measures already in place as a result of work covered by this permit.
6. Applicant agrees to maintain the conservation measures in satisfactory operating condition until final, permanent stabilization is achieved.
