### ***Winter Weather***

Brrrr! We hope most travelers can spend this cold weather indoors, safe and warm. But if you must venture out, plan to use extreme caution driving on roads in the area. Any wet pavement remaining after snow will freeze overnight. Gusting winds during the day helped to dry pavements after the snow stopped, assisted by treatment materials applied by VDOT crews, but any lingering puddles or damp areas will freeze. Travelers should stay alert for patches of transparent ice on road surfaces. If it looks wet, assume it's ice. Reduce speed. Add extra travel time to avoid rushing. Slow down before crossing a bridge or overpass or entering a ramp.

### ***Click it or Ticket Day & Night***

Did you know that you are 30 times more likely to be ejected from your vehicle in a crash if you don't wear a seatbelt? 80% of occupants ejected from a vehicle in a crash are killed. Those who survive suffer debilitating, life-changing injuries. Stay alive. Buckle up and have a safe week!
