D.A.R.E. Program

We proudly celebrate 123 students who successfully graduated from the D.A.R.E. Program at Sealston Elementary School, taught by Sr. Deputy Marini and Deputy Thompson. These students spent weeks learning how to make safe, healthy choices, resist peer pressure, and become leaders in their school and community. Their hard work, creativity, and dedication truly showed throughout the program. A huge thank you to the students, teachers, administrators, and families for your support—this program would not be possible without you.
